PUBLIC OPINION IN BRITAIN MAKES ITSELF FELT: DEMONSTRATIONS IN

Press Demands Loan To Aid Dollar's Recovery

CHINA'S CREDIT EMPHASISED

LONDON, July 26 (Reuter)—Opposition writers vehemently reject the view expressed by some observers that the Tokyo agreement does not commit Britain beyond what is acceptable.

They maintain that the agreement will provide a basis for further attacks on the property of British residents in China whenever Japan feels that this is necessary to emphasize Japan's "right" to resort to undeclared war in China.

The China Campaign Committee of Great Britain is staging a large-scale protest demonstration to-morrow. This demonstration will include mass lobbying in the House of Commons and a poster parade in the West End.

Financial writers examine the Pact from the point of view of future aid to China, especially with reference to the stability of the Chinese dollar.

AID TO DOLLAR

The "Financial News" writes: We seem to have arrived at a modus vivendi with Japan without surrendering our freedom of action in China. The important thing is that this freedom should be exercised. As an immediate issue, the formula should not be allowed to influence the British attitude towards the support of the Chinese dollar.

After examining the position of Chinese trade and the new rules for the restriction of imports into China, the "Financial News" expresses the opinion that to strengthen the exchange fund unnecessarily would be to throw good money into the bottomless pit, but that some plan must be devised to prevent it from falling indirectly into Japanese hands.

BIG LOAN NECESSARY

The "Times" welcomes the fact that it has been possible to keep currency matters outside the Anglo-Japanese discussions. It forecasts that, if confidence in the

Chinese dollar is to be fully restored, assistance is necessary on a substantially larger scale than when the stabilization fund was established. In this connection, it stresses the need for greater stimulation of Chinese exports and increased control over imports.

The "News Chronicle" City correspondent emphasizes that the stabilization fund is in no wise exhausted, but that the most unsatisfactory part of its history is the large amount of its resources which is believed to have found its way, by devious routes, into Japanese hands.

The writer calls attention to the recent Sino-Soviet Commercial Treaty as one of the Chinese Government's measures to divert exports, for example of tea and wood-oil, from Japanese-controlled ports.

China's still considerable reserves of silver, gold and foreign exchange are estimated at \$20,000,000 Sterling, not including the \$5,000,000 remaining in the Stabilization Fund.

A cheerful view of the pact is taken in some quarters, including North China business concerns. They are encouraged by the contrast between the barrage of propaganda emitted by Japanese press spokesmen with their flamboyant assertions that Britain would be compelled to yield with the actual agreement, which does not appear to them to involve any fundamental change in British policy.

CHAMBERLAIN MUST PROVE GOODWILL BY HARD FACTS

CHUNGKING PRESS CHOOSES BITTER ANALOGY IN COMMENT ON PACT

CHUNGKING, July 26 (T/Ocean)—The comments of the Chinese press on the Anglo-Japanese agreement are marked by a tone of great indignation.

The "Combined Daily," which is an amalgamation of several papers whose plants have been destroyed by bombing, says that two facts, above all, are bound to arouse disappointment and anger—firstly that Britain has promised to abstain from any acts hindering the Japanese army's special requirements, and, secondly that the British Government undertook to inform its servants in the Far East of this new policy.

The paper compares the position of China with that of a man whose house has been invaded by robbers. "After the house has been plundered," it writes, "the people killed, and fire set to the premises, the neighbours say to the robber: 'We realize your special requirements and will tell our servants and friends to refrain from assisting those whom you have robbed.'"

The "Combined Daily" further declares that Mr. Chamberlain's statement that Britain's policy in reality remains unchanged cannot be taken seriously until it is borne out by facts.

The paper adds: "Since the British Government recognizes the Japanese army's special requirements it must be acquainted with them. The Japanese army's requirements are robbing, looting, and killing. The British Government's recognition of the Japanese army's special needs means its condonation of such actions."

The paper concludes its commentary on the Arita-Craigie Agreement with a reference to Marshal Chiang Kai-shek's statement on Monday and the Chinese Foreign Office's statement on Tuesday which stressed that China is determined to continue her resistance, and that even desertion by her friends will not affect her confidence in victory.

CREDITS TO POLAND NOT SUFFICIENT

WARSAW, July 26 (Reuter)—Polish businessmen are disappointed that the export credit to Poland is only £8,000,000. It is understood that Britain and France may jointly make a cash loan to Poland.

Although credits are to be used for the purchase of armaments in the United Kingdom it is reported that Britain and France are willing to help Poland to buy from other countries if agreements can be made regarding further credits.

TOKYO, July 26 (Reuter)—A Kwangtung Army communiqué claims that 59 Soviet and Outer Mongol aeroplanes were brought down by the Japanese over the "Manchukuo"-Mongol frontier yesterday.

A despatch from Balshagal, on the frontier, says the Japanese artillery heavily bombarded the Soviet positions on the west bank of the Khala River throughout the day. Soviet guns did not reply.

MALAYA SHOWS THE EMPIRE HOW TO DEAL WITH JAPAN

LONDON, July 26 (Reuter)—The extent of the boycott of Japanese goods in Malaya is shown in the trade report of the Straits Settlements, published in London.

The imports of Japanese goods dropped to £12,000,000 as compared with £40,000,000 in 1937. The decrease in imports of Japanese textiles is replaced by a corresponding increase in textiles from the Home country, while imports of Japanese coal dropped by a half and of cement by two-thirds.

Foreigners Searched In Canton

CANTON, July 26 (Reuter)—Several foreigners have been stopped and searched at the Shamen bridges. Reuter's correspondent learns.

These facts contradict the declaration of the Japanese spokesman who stated that only Chinese were being examined, and even cited this as proof that no second Tientsin blockade was being contemplated.

The rumours current regarding alleged negotiations between ex-King Alfonso XIII of Spain and monarchist circles in Spain with the aim of restoring the monarchy were denied in a statement issued by the Agency Radio.—(Trans-ocean).

JAPANESE SET FIRE TO ENTIRE FISHING FLEET OFF SWABUE

Over A Thousand Dead: Loss Of \$500,000

NEWS REACHED HONGKONG YESTERDAY OF THE DELIBERATE DESTRUCTION BY FIRE OF AN ENTIRE FLEET OF FISHING JUNKS by Japanese off Swabue on July 21. Altogether, 56 vessels were burned. The consequent loss of life is placed at above 1,000, while the financial loss suffered is stated to be over \$500,000.

According to Li Yan-kwai, whose junk was the only one that escaped and who arrived in the Colony yesterday with half a hundred victims rescued from the sea, the fleet of fishing vessels was making an effort to flee to another place of shelter owing to news of an impending attack on Swabue.

Not far from Swabue, however, the junks met seven Japanese warships and, sensing the worse, immediately scattered, but were eventually rounded up.

Putting off from the warships in small boats, armed Japanese boarded the junks one after another, tied them together and poured quantities of kerosene on them. They then set fire to the junks.

Li Yan-kwai's junk was the only one that managed to get away. Hiding in a small inlet until the next day, Li decided to make an attempt to sail to Hongkong. On his way, he picked up many survivors who had been in the water for nearly 24 hours.

REPORT TO GUILD
The junk arrived at Shantwan yesterday morning, and Li and others immediately reported the occurrence to the Hongkong Fishermen's Guild, who will make a full report to the authorities as soon as they have obtained all the information.

PEACE PACT NEARER

Staff Talks To Begin

LONDON, July 26 (Reuter)—Negotiations for a non-aggression pact between Britain, France and Russia have now reached such a stage that it is believed that Staff talks can be started almost at once. Reuter's diplomatic correspondent understands.

It is expected that an announcement to this effect pointing out, however, that some points in the political agreement are still outstanding, may be made very shortly in the three capitals.

The British mission, representing the three Services, headed by an Admiral, is expected to leave for Moscow in ten days time, according to well-informed quarters, and a General will head the French mission.

It is understood that the chief outstanding point concerns indirect aggression but the views of the three parties are very much closer to each other than heretofore.

FORTIFICATIONS IN DANZIG

NO UNDUE CONCERN FOR HALIFAX

LONDON, July 26 (Reuter)—Questioned about Danzig fortifications, in the House of Commons, Mr. R. A. Butler, Under-Secretary of State for Foreign Affairs, declared that while some military preparations were taking place there the information in the possession of the Foreign Secretary, Lord Halifax, did not lead him to view the present situation with undue concern.

LONDON, July 26 (T/Ocean)—Scotland Yard is keeping a close watch for Sean Russell, leader of the illegal Irish Republican Army, who, according to reports, is en route to Britain, or Ireland, from the United States.

He is said to be carrying with him the sum of \$120,000 collected in Irish-American circles to finance a campaign for the "liberation of Ireland."

Russell would be arrested if he was caught either in Britain, or Ireland.

NAZIS NOW NIBBLING AT RUMANIAN TERRITORY

BUCHAREST, July 26 (Reuter)—The economic life of Rumanians in the Banat, a south-western province, adjoining Hungary, is being "slowly strangled" by Germans who form a relative majority there states a petition to the Government by leading Rumanians in Timisoara (Temesvar), capital of Banat.

The petition states that Rumanian, and other sections of the population, are being consistently boycotted as the Germans have orders from their leaders not to trade with non-Germans.

Timisoara has recently become the headquarters of German minority activity throughout Rumania, and orders are going out to various minority organizations which are run on entirely National Socialist lines.

BEER BARONS BRING BACK 1939 BALL PENNANT: BEAT SAILORS

But Scores Did Not Flatter Mindanao Hard-Hitters

(By "R.O.Y.")

THE BEER BARONS NAILED THE 1939 PENNANT to the U.S. mast on Saturday, when they convincingly trounced their nearest contenders, the U.S.S. Mindanao, by 8 runs to 1. Continuing on their triumphant way, the Union Brewers registered their ninth straight victory by taking South China, 8-5, on Sunday morning.

In the only other fixture played, the Hongkong Baseballers put up a surprisingly good show against the Mindanao gang, but lost by 13 runs to 9. The score of the U.S.-Mindanao clash was hardly a true indication of the run of the play, as the sailor boys matched the winners hit for hit, with the only extra base clout going to the credit of Cecil Douglas.

The winners played fine defensive ball and committed only 1 error to the losers 3. The Brewers were without Dave Leonard whose position at the Windy Alley was capably taken over by O. Arculli.

All gave a brilliant exhibition of fly snagging at centre field, but the surprise of the winning squad was George Souza's consistent hitting which was good for four bingles in as many times at bat.

The sailors played really good ball, and did everything but score, apart from their tally in the fourth. Douglas, Ruel and Wilson garnered two hits apiece, while Dew, Chase and Wrigley showed up well in the field.

The Union Brewers were still without their biggest gun, Dave Leonard, when they took the field against South China. George Souza was seen at shortstop and gave a brilliant display. Jesse Arculli held the South China boys to five safeties, which were good for 5 markers.

Souza, Jesse Arculli and Bux connected for six of the winners' 10 hits, with the first named scoring 3 tallies.

Nam Wah put up plenty of resistance to the new champions but could not match the hitting of

the opposition; Hank Chang got two hits in an effort to win his own ball game while his battery mate, "Dynamo" Ho, backed him up with another brace.

Bill Chang was the only other member of the squad to get a hit; eight others who got into the game went hitless. George Wu, Bill Hong Sing and Y. T. Chan pulled a slick double killing in the second frame while Wong dragged down a couple of high flies in the cabbage patch.

MINDANAO ERRORS

The Mindanao gang got plenty of batting practice when they stacked up against the Club, but committed six miscues to allow the Hongkong Baseballers to tally nine times on only eight hits. For the winners, Charlie Horton, Wilson and Cogdill batted 1,000 percent, but "Paintpot" Thomas took slugging honours with two triples and a single.

"Crooner" Ruel started on the mound but was relieved by Horton in the third. Charlie proceeded to hold the losers to four hits and one earned run during his tenure on the mound. Probably the simplest double play, seen this season, was effected by Badrick, Chase and Douglas to dispose of

H.E.'S TEAM WINS AT GOLF: BEAT SHEK-O CLUB

H. E. Major-General A. E. Grasett and Col. E. S. White (Shek-O) lost to I. P. Tamworth and R. P. Parker 0-2; A. W. Hughes and V. R. Gordon (Shek-O) lost to Capt. E. N. Thursby and Lt. Wood 1-2.

I.R.C.—SOUTH CHINA TIE TO-MORROW

The much-deferred "needle" match between Indian Recreation Club and South China Athletic Association in the "A" Division of the tennis league has been arranged to take place at Sookun-poo to-morrow.

The lines-up are the same as previously announced.

Freddie Barros and Dave Walker in the fourth stanza.

For the losers, "Pinky" Higgins connected for three bingles and denied the plate for three markers. Larry Lawrence garnered two singles but was caught off third base twice during the course of the game.

Young Billy Clague drew rounds of applause with another of those one-handed catches to snare Wrigley's Texas leaguer. "Doc" Molthen gave a sound display at the initial sack while Higgins went well behind the plate.

SECOND TEST MATCH ENDS IN DRAW

WEST INDIES 117 RUNS BEHIND WHEN STUMPS ARE DRAWN

The Second Test Match between England and the West Indies ended at Manchester on Tuesday in a draw.

England, who had declared at 164 for 7, in the first innings, were able to dismiss the tourists for 133 and, going in a second time scored 128 for 6 when Hammond declared, leaving the West Indies 160 runs to make to win with only 70 minutes of play.

The tourists had lost 3 wickets for 43 runs when time intervened.

A feature of the West Indies first innings was the remarkable bowling by Bowes, who took 6 wickets for 33 runs.

MANCHESTER, July 26 (Reuter).—Dismissing the visitors for 133, England had a lead of 31 in the first innings and in the second innings their opening batsmen had collected 11 runs at lunch time.

Outstanding features of this morning's play was Headley's brilliant batting and the fine bowling of Bowes, who took 5 for 14.

Headley's Innings Headley was again the mainstay of the West Indies, and, knowing that the whole team depended on the innings, he treated anything but the really dangerous balls with contempt, cutting magnificently. Copson just failed to hold a return by Headley, when the latter's score stood at 44, and the batsman was almost on his way back to the pavilion when he was recalled to resume his innings. Headley was eventually caught by Wood off Bowes with his score at 51. He batted for 140 minutes, remaining till the end.

Delayed Start The wicket was rapidly drying when Sealey and Headley resumed after the delayed start. The wicket was reported to be quite sticky when the umpires carried out an inspection earlier.

The overnight total of 85 was carried to 96 when Sealey was caught by Hammond at first slip off Bowes. His total was 18. Cameron and Headley took the total to 108 when the former was caught by Hutton at second slip off Bowes.

Miraculous Catch With the addition of five runs, Williams was beaten by Copson after scoring a single. Constantine was clean bowled by Bowes, who took the great all-rounder's leg stump. Hammond then came into the picture with a miraculous one-handed catch low down to dismiss Martindale.

The West Indies closed their innings at 133. England sent Hutton and Fagg as the opening batsmen in the second innings. They were together for 15 minutes until the lunch interval, Hutton having scored seven and Fagg four.

England Declares England declared at 128 for 6, leaving the West Indies to make 180 to win. England lost two wickets after the tea interval, the score at the adjournment being 105 for 4.

A crowd of 8,000 watched the play after lunch. When Hutton had scored 18 he completed his 2,000 runs of the season. He added one run more when he was caught by Sealey off Martindale, 26 for 1. Paynter was the next to go, being caught by Gomez off Martindale with the total at 30. He failed to score.

The third wicket fell at 74, Fagg being bowled by Constantine after scoring 32 which took him exactly 100 minutes.

Hammond Out Hammond was out for the fourth wicket, bowled by Constantine for 32 with the total at 80. Compton, 15 and Hardstaff, 1 were not out at tea interval, the total being 105 for 4.

When the total had been advanced to 113, Hardstaff returned to the pavilion, caught by Grant off Constantine. The out-going batsman had not improved on his pre-tea score of one.

Wood, who joined Compton, did not play long. At 128, he was bowled by Constantine. His contribution was one. Two runs later, the declaration was made, Compton being

34 not out and Wright had not yet opened his account.

Disastrous Start

This declaration left the West Indies in the position of having to score 160 runs in 70 minutes for victory.

The tourists made a disastrous start to their second innings. Grant, their captain, who opened with Stollmeyer, was caught by Hardstaff at backward point off the first ball, sent down by Bowes. Worse was to come. At 11, George Headley, the batting mainstay of the side, was caught by Hammond, off Copson, after making only five.

At 27, Stollmeyer was given marching orders for obstruction when facing Wright, and at 43 Gomez was bowled by Goddard. Stumps were then drawn, Sealey being 13 not out.

LONG DISTANCE SWIMMING RACE FAILURE

WARNEMUENDE, July 26 (Transocean).—The long distance swimming race across the Baltic, from the Danish Port of Gjedser to the German Warnemuende, came to a premature end yesterday afternoon when Jenny Kammergaard, the Danish girl swimmer, gave up after being in the water 19 hours.

The six other entrants had already previously given up, among them the Swedish girl, Sally Bauer, who had been regarded as favourite, but who came out of the water two hours earlier than Jenny Kammergaard.

All swimmers complained of the exceptionally low temperature of the water, and the rough seas.

"BORDERTOWN" AT MAJESTIC TO-MORROW

Once again Paul Muni comes to the screen with a blazing picture of real life—life that touches the rough, raw edges, but is so picturesque and colourful that it will grip the attention of every spectator at the Majestic Theatre where it will be shown to-morrow.

The picture is "Bordertown," suggested by the stirring novel by Carroll Graham. Warner Bros. in this latest starring vehicle for Paul Muni, have chosen a plot that is startling in its emotional intensity.

He instills both life and fire into the character of a foreign youth who is torn by conflicting emotions in his desperate battle to win success and love against insurmountable odds.

There is an exceptionally talented supporting cast which includes Eugene Pallette, Robert Barrat, Henry O'Neill, Hobart Cavanaugh, Gavin Gordon, William Davidson, Arthur Stone, Vivian Tobin and Soledad Jimenez.

ROCKY ROAD TO SCREEN SUCCESS: VIRGINIA GREY'S FIRST LEADING ROLE

FROM "LITTLE EVA" TO BEING PICKED UP BY THE NAPE OF THE NECK AND DROPPED OFF THE END OF A WHARF IN HER FIRST BIG LOVE SCENE! That may not seem, to most girls, like going anywhere in particular along the rocky road to screen success. But Virginia Grey thinks it's great.

"No girl can look very pretty in a predicament like that," said Miss Grey. "But if she can ever get in it, maybe she can convince her audience that she is an actress. And being acclaimed as an actress should be the goal of every girl in pictures. A great many girls are beautiful, either by accident of birth or by choice of clothes and make-up. But it takes more than that to be an actress—years of preparation, training, determination and plenty of hard work."

Hackneyed Way

Miss Grey is one who does not think it necessary to fall into clinging Hollywood clichés with Clark Gable or Robert Taylor, to portray a love scene. "That," she says, "is the hackneyed way of doing it. Being picked up by the collar and dropped into the water by Chester Morris may not be quite so conventional, but it will make the audience sit up and take notice."

The "love scene," if such it may be called, occurs in Thunder Afloat, the Metro-Goldwyn-Mayer saga of submarines and subschasers, which finds the blonde Virginia and the dapper Chester battling their way toward a long-delayed caress in the final fadeout in the picture which stars Wallace Beery.

The story is full of red-blooded action and it doesn't pause en route for sentimental love scenes. In fact, if, after

that final fade-out, Susan Thorson really mames Rocky Blake, she will be virtually a kismet bride. Either that, or Cameraman John Seitz wasn't looking!

Miss Grey gives one the impression that the only one with whom she is really in love is Susan Thorson herself. The part fits the ambitious young actress perfectly. Up to now, Virginia has played the siren, other woman, the glamour girl.

More Human

"There's something more human," more real, about Susan Thorson," Miss Grey declared. "She's first of all a fighter. She has known the hard life of the daughter of a tugboat owner. When the war comes right up to the very cabin of the boat she has known as home, it finds her better prepared to meet it than it does those men she loves who are called out to fight in it."

Although Virginia was born and brought up in Hollywood, and has always been in close contact with the studios, this is the first major leading part she has had. And she prefers it over many that were lost to her by the last-minute selection of another girl.

"It was sometimes heart-breaking to lose those other parts I thought were about to be given me," she said. "But now I'm glad I would rather play Susan Thorson with Wallace Beery and Chester Morris than any part for which I have ever been considered."

"HERE'S YOUR CUE" GOES INTO PRODUCTION

With the start of his latest Metro-Goldwyn-Mayer specialty, HERE'S YOUR CUE, Pete Smith introduces his audience to a very much sought after college professor.

He is Charles C. Peterson, one of the world's greatest billiard players and for eight years an instructor of billiards in various colleges.

Peterson retired from competitive play after winning several national and world's titles, to devote his time to teaching the fine points of the game. He has visited 1400 schools in the United States, setting up class at each, and invariably unable to accommodate all that wish to study under him.

In the new one-reeler which Felix E. Feist is directing, he shows all his tricks plus a quick-action course in "Ho To Play Billiards." Julian Hochfelder wrote the screen play.

COUNTESS NAMED IN BIG FRENCH SPY SCANDAL

LONDON, July 15 (By Air Mail).—French aristocratic circles are alarmed by a report that Society women have acted as intermediaries between the German Secret Service and the French journalists who are under arrest on charges of "activities against the State."

The German agent, Otto Abetz, who was recently expelled from France, is stated to have employed two French women with the highest social contacts as paymasters. A German countess, known so far only by the initials E. B. Countess J. Von M., established contact with these French women.

The German Countess was received in French society and her activity was not suspected until the recent revelations. She is now believed to have left France.

Three More Arrests?

Three more Frenchmen are reported to have joined M. Aubin, news editor of the semi-official Le Temps, and M. Polier, publicity manager of the society paper, Figaro, in the Cherche-midi Military Prison.

Two foreigners, said to be German, were also arrested. It is now learned, several days ago, and it is believed that it was they who supplied the names of the Frenchmen now being held.

Ambassador's Tribute To Lord Derby

LONDON, July 14 (By Air Mail).—Mr. Joseph P. Kennedy, the American Ambassador, proposing the toast of Lord Derby, who presided at a dinner given by the Pilgrims in London last night, paid tribute to his public, political and sporting activities.

"When I think of this great country with its unique and peculiar culture, that could only have arisen from centuries of peace at home, the most interesting of all its characteristics is the evolution of that kind of popular chivalry which we call sport," he said.

"The word sport is an English word; it denotes a typical outlook on life, an enjoyment of the contest for the contest's sake. The world has adopted the word, even if it has not always practised sport."

"When thinking of sport, if I had to get another word which would express the same idea with no diminution, I think I would have no alternative but to use the word Derby."

"In his treatment of his fellow men, the affairs of life and problems of nations, Lord Derby has given every true man an example to live up to."

CABARETS IN MALAYA

"DANGER TO MORALS"

LONDON, July 13 (By Air Mail). Medical and social co-operation on matters of social hygiene and the teaching of biology as a factor in health and character training were the two main subjects discussed when the Imperial Social Hygiene Congress was resumed at British Medical Association House, Tavistock Square.

Mr. A. B. Jordan, Secretary for Chinese Affairs, Malaya, said that one result of the spread of Western influences in the East was a passion for dancing. In the Straits Settlements 13 cabarets had been established. The girls in them were known as "taxi girls," because their services for dancing were procurable by ticket.

In the cabarets about 700 girls were employed, and most of them were under 17. They were drawn from places as far away as Bombay and Shanghai, and from a wide range of races, including Indian, Filipino, Siamese, Malay, Annamite, Javanese, Burmese, and Armenian.

Come From China

Many also had come from China, as a result of the Japanese occupation of the ports there. Being drawn from such a wide area, few of them were accompanied by parents or guardians, and as they were brought into close contact with men, they constituted a grave danger to morals.

They were also a serious menace to the young married couples in the colony. The young men went to the cabarets often and sooner or later became attached to one of the girls.

The authorities of the colony, recognizing the danger of this influx of girls, were seeking a solution to the problem. So far they had not been able to decide on any particular type of legislation and they would be glad of all the help they could get from any organization such as the British Social Hygiene Council.

The problem constituted a greater danger than that of licensed prostitution, which had been "satisfactorily" dealt with many years ago.

After three months of intensive military and political training, 925 young men and women recently graduated from the Hunan Training School for Guerrilla Leaders. This is the first graduating class of officers to work behind the Japanese lines. The school is directed by Generalissimo Chiang Kai-shek.

Closure of the Pailho, the river approach to Tientsin, was being studied by the Japanese military authorities in Peking on July 17 on the grounds that the waterway now was serving as the sole route for the transportation of supplies to the forces operating under orders of Gen. Chiang Kai-shek in North China.

A stir was caused in the Shanghai market on July 17 when Chinese banks refused to accept legal tender Tientsin, Hankow and Shantung notes. To make the matter worse exchange shops later even refused to accept any legal tender notes bearing the names of districts in northern China.

At about 5 p.m. on July 17, Constable Eglau, attached to the Russian section of the French Police, in Shanghai, shot himself in the heart, at No. 2, French Bund, according to official advices received from the Concession authorities. Death appeared to have been instantaneous.

Shanghai on July 18 lost one of its old residents in the person of Mr. Allan Youngson, who left for England in the P. & O. liner Chitral, following sixteen years' service with Imperial Chemical Industries, Ltd. It is not certain where Mr. Youngson will take up residence at home, but he may retire to a suburb of Glasgow, his native city.

Mr. Julian Arnold, United States Commercial Attaché to China, arrived in Chungking on July 17 after a journey over the new Burma highway. The incident between Reuters and the Japanese-owned Chinese-language newspaper, "Sin Shun Pao," published in Shanghai, arising from the newspaper publishing an item of news which it incorrectly attributed to Reuters, has now been settled. The "Sin Shun Pao" published a correction explaining that the report in question did not emanate from Reuters.

ROYAL COURT STYLES GOING GREEK

Women went Greek for July 13's Royal Court. Some of the loveliest dresses have been copied from the flowing robes of statues and friezes in the British Museum.

Colour are primrose, pale rose, lavender and cream. There will be few dead-white toilettes.

One reason is that these dresses can be converted into evening gowns easy to pack for holiday travel. This is more than could be said for the elaborate crinolines and heavy materials of the earlier Courts.

The patriotism of the overseas Chinese residing in the Malay Straits Settlements has been again demonstrated by Mr. Li Chun-cheng, of Singapore, who recently contributed \$100,000 to the National Treasury, in Salvation Bonds, the annual interest to be used for the advancement of study in engineering and industrial arts in China. According to the wish of the donor, the Li Chun-cheng Scholarship, valued at \$5,000, is to be given annually to that Chinese who, in the opinion of the advisory committee of the Academy, makes the highest contribution to the nation in the field of engineering or industrial arts.

Curates Hoax Beauties

Pretty girls in their smartest frocks faced rain and wind at the week-end to reach Willesden Parish Church for a beauty contest which it was announced four curates would judge.

They arrived to find the entry list closed—and the joke on them.

But the girls, curious to see the competitors who might have been their rivals, concealed their disappointment as they waited for the parade.

When the entrants took a bow the watching girls gasped.

The aspiring "beauties" were all men dressed as women.

While the audience laughed, the four curates unsmilingly judged them and awarded the winner—a chorister—with a bouquet of onions.

Shoes The Problem

The perpetrator of the hoax, the Rev. J. H. Pickerrill, was not the least apologetic about it.

"If women regard beauty as their preserve, that is their affair," he laughed. "I said nothing about the sex of the entrants."

Mr. Pickerrill's fellow-judges were: The Rev. Norman S. Pollock, of St. Gabriel's, Crickwood, Rev. C. W. Banner, of Christ Church, Willesden, and Rev. R. F. Thorne, of all Souls, Harlesden.

"Some of the competitors made a remarkably good effort," said Mr. Pickerrill.

"Shoes were a problem, but we made a very passable pair of sandals for one competitor from a pair of white canvas shoes cut to the necessary shape and coloured blue."

Heading the announcement "Stop and Go" the "Evening News" points out that the War Office announces that approval has been given for officers of the Worcestershire Regiment to wear a grassgreen (emerald) cummerbund with mess dress at stations abroad instead of scarlet, as at present prescribed.

The following forthcoming marriages are announced:—Mr. Kim Chua Khenpanick, clerk, of No. 113, Caine Road, first floor, and Miss Koh Sak-hui, of the same address; and Mr. Chow Chok-man, merchant, of No. 80, Bonham Strand East, first floor, and Miss Tang Yiu-fun, of No. 271, Main Street, second floor, Saiwanho.

About 50,000 mow of cultivated lands in the Haining-Haiyen sector, Chekiang Province, have been completely submerged in flood waters as a result of the overflowing of the Chientang River. Owing to continuous fighting between Chinese guerrillas and the Japanese, the dykes along the river have been left in a dilapidated state, and repair work cannot be attended to so far. Thousands of farmers in the affected areas are now fleeing into the cities as destitute refugees.

TEE FOR ONE

"Jackson, old boy, congratulate me. Kindly slap me on the back."
"Certainly, my dear fellow, but may I ask you why? You haven't got engaged, I hope?"
"No, no. This is something really important. I did the fourteenth in one yesterday. A blow in a million! The swipes to end all swipes!"
"But I don't understand. You look as fit as the proverbial Sardinian. Were there no celebrations?"
"Celebrations? There's been nothing like it since the Relief of Mafeking."

"Perhaps I'm dense, but I still don't understand. Forgive my bluntness, but where's the hangover?"
"Hangovers? Haven't you heard? There aren't any nowadays. You just drink Gilets, or take a long glass of Rose's Lime Juice after the jamboree. It's just a question of therapeutic action as a doctor once described it to me."
"So Rose's prevents the hangover after?"
"Really and truly. You know, old boy, you ought to keep a bottle of Rose's in your locker. Some day even you may do a hole in one!"

HAVE YOU FALSE TEETH?

OVER 10,000 DENTISTS ADVISE
THIS NEW, BETTER WAY TO
KEEP THEM CLEAN & GERM FREE

"I have tested 'Steradent' carefully in my surgery and find that it definitely does clean the most filthy dentures, removing tartar and tobacco stains entirely after three or four immersions. In my test cases no brushing whatever has been done. Prolonged immersion in 'Steradent' did not cause any damage to the dentures." This report from a well-known Dentist is just one of many hundreds of similar unsolicited letters

from members of the Dental Profession who have given 'Steradent' a clinical test. The 'Steradent' formula is a new, scientific discovery, its sole use is to clean and purify false teeth, and it does this so nothing else has ever done before. Just take a little 'Steradent' powder in a glass of warm water. Stir well. Leave your false teeth, plates and bridges in it while you dress or for five or ten minutes. Every day. Your plates feel so smooth, cool, comfortable—no color, or unpleasant taste. Every day. Every piece is cleaned, purified, sterilized. Nothing is a thing of the past—'Steradent' is so much more thorough and efficient, and is guaranteed harmless. Satisfactory results in every case. "I consider 'Steradent' one of the best dental aids in existence," said Mr. W. L. D. S. R. C. D., a leading Dentist, when writing recently upon the subject of denture hygiene.

SECURITY DEPOSIT RECOVERY

SUMMARY COURT HEARING

An action to recover a security deposit of \$500 and claiming an equal amount as salary due was instituted in the Summary Court yesterday before Mr. Justice R. E. Lindsell by Lam Tin-koon against Messrs. Saporran Singh and Company and Saporran Singh, manager partner of the concern.

Mr. D. McCallum appeared for the plaintiff, while defendants were represented by Mr. C. A. Sutherland Russ.

Plaintiff said Mr. McCallum was employed as manager of defendants' general store at Stanley under an agreement, dated May 1. The agreement was for a year, and provided for a salary to plaintiff of \$75 a month, which sum included the wages of a salesman and boy to be engaged by the plaintiff.

As security under the agreement, plaintiff handed defendants a sum of \$500.

Regarding the deposit, the defence admitted that it had been retained but claimed that certain amounts had to be deducted.

After plaintiff had given evidence, the case was adjourned to August 29 at 10 a.m.

They were fined \$250 each. Ten others, who were charged with gaming in the premises, had their bail of \$10 each forfeited when they failed to put in their appearance.

UNUSUAL KIND OF CASE IN SUMMARY COURT

JUDGMENT FOR PLAINTIFF

Judgment with costs was given by Mr. Justice R. E. Lindsell in the Summary Court yesterday for Chan Pak-sheung, of No. 163 Pak Tai Street, who brought a claim against Lo Ting for possession of the rear portion of No. 4 Wing Kut Street, first floor, on the ground that the latter had violated the tenancy agreement by having illicit goods on the premises.

Mr. M. A. da Silva asked his Lordship for permission to withdraw from the case, saying that it was not due to lack of defence that he was doing so but for other reasons. There were, in fact, very attractive defences, said Mr. Silva.

Mr. D. L. Strellett, representing the plaintiff, said the case was of considerable interest and was probably one of the most unusual of its kind.

HEROIN DIVAN

Shortly after the tenancy commenced, said Mr. Strellett, the rear portion of the premises in question was used as a heroin divan. Numerous convictions had been registered in respect of the premises, while the tenant had been and was even now an elusive figure. The sudden withdrawal of his solicitor did not tend to diminish that mystery and elusiveness, said Mr. Strellett.

Revenue Officer W. H. E. Colledge testified to having raided the premises both at No. 4 Wing Kut Street and at No. 281 Queen's Road Central, but said he had not heard the mention of the name of Lo Ting.

Revenue Officer H. J. Millington, Lau Tsin-ye, manageress of a barber shop which occupied the front portion, as well as plaintiff and Ko, also testified.

BRITISH INTERESTS PLACED AT MERCY OF JAPANESE ARMY, SAYS THE SHANGHAI CHAMBER OF COMMERCE

DR. WELLINGTON KOO VOICES ANXIETY OVER AGREEMENT

LONDON, July 26 (Reuter)—The British Chamber of Commerce in Shanghai has cabled to the China Association in London declaring that the Arita-Craigie Agreement is likely to result in the betrayal of British rights, interests and obligations in China.

The cable states that legitimate British interests appear to have been placed at the mercy of the Japanese Army and that the agreement indicates that Britain is abandoning her duty, obligations and legal position in a manner as injurious to her honour and prestige as to her interests.

PARIS, July 26 (Reuter)—The Anglo-Japanese Agreement is described as "an unpleasant surprise to China" by Dr. Wellington Koo, in a statement to Reuter. He declared that it raised questions in the mind of the Chinese people as to what was the real policy of Britain towards China.

"On the face of it, at least, the British attitude as revealed in the agreement seems to make no difference between Japanese aggression and Chinese self-defence.

Free Hand

"By recognizing the actual situation created by the barefaced Japanese invasion of China and by undertaking not to countenance any act or measures prejudicial to the operations of the invading army, Britain appears disposed to give a free hand to the aggressor to the sure detriment of the victim of aggression.

"What causes one anxiety most in the new agreement is the betrayal of the spirit of surrender on the part of Britain. It seems that Britain has once more bowed before force and swallowed her pride.

"Certainly the agreement cannot be expected to deter aggression or promote confidence in the effort which Britain is now making to build up a peace front against aggression in Europe. Her apparent disposition to accommodate aggression in the Far East may prove a boomerang."

Chinese View

CHUNGKING, July 26 (Reuter)—"The Chinese authorities cannot conceal their disappointment at the attitude taken by Britain in the Tokyo talks," stated a Chinese Foreign Office spokesman to-day.

He added: "It is to be regretted in the extreme that Britain should have seen fit to note the so-called special requirements of the Japanese forces in China, which are engaged, as Britain and the other League member states declared, in the invasion of, and aggression against, China.

"The Chinese Government notes with satisfaction Mr. Chamberlain's statement in the House of Commons that the declaration does not connote any change of British policy in China."

Confidence felt

The spokesman said: "The Chinese Government confidently believe that despite the misgivings created by the announcement of the formula, the British Government will adopt an attitude consonant with their legal and moral obligations towards China in dealing with the so-called local issues at Tientsin and show by their action the firmness of their policy concerning a situation created by Japanese aggression against this country."

China War

HONAN LULL BROKEN

CHUNGKING, July 26 (T/Ocean)—The resumption of Japanese military operations in South Honan is reported in Chinese despatches reaching here from Loyang.

Following a considerable lull in the fighting in this area, the Japanese forces supported by armoured cars began on Sunday to push forward from Sinyang along the railway line of Peiping-Hankow, in the direction of Ming-kang, which lies 25 miles north of Sinyang.

Supply Depot Gutted
AN UNDISCLOSED PLACE, SHANTUNG, July 26 (Central)—A large Japanese supply depot in Kaomi, on the Kiaotsi Railway in east Shantung, was completely gutted by fire set by Chinese guerrillas during a surprise attack recently.

More than 300 tons of war supplies, including rifles, ammunition, trucks and petroleum, were burned. Town Recaptured
SIAN, July 26 (Central)—Chang-tze, south of Tulin in South East Shansi, has been wrested back by Chinese forces from Japanese hands. Three Chinese dare-to-die squads smashed into the town and succeeded in dispersing the Japanese.

In North Shansi, Chinese forces have been staging a series of raids on the Japanese in the vicinity of Tsinling, inflicting considerable losses on the invaders.

A party of Japanese troops repulsed the telegraph lines there was attacked by the Chinese last Sunday, sustaining scores of casualties.

French Naval Squadron To Visit Malta

LONDON, July 26 (T/Ocean)—A French naval squadron will visit Malta to-morrow, remaining there until July 29, it was announced here to-day.

Political circles point out that the French visit to Malta coincides with the manoeuvres of the Italian fleet which are taking place between Sicily and Libya. It is learned that the French squadron will include the battleship Provence.

Conferences will also take place between the British and French naval commanders in the Mediterranean, which are due to take place on Thursday and Friday.

A large number of Bren machine-guns arrived at Malta yesterday and it is announced that battalions of the infantry brigade, stationed at Malta, as well as the newly formed anti-aircraft detachment will engage in manoeuvres lasting three days.

TIENTSIN TALKS

BLOCKADE OF CONCESSION UNRELAXED: JAPANESE ARMY NOT SATISFIED

TOKYO, July 26 (Reuter)—The Japanese military authorities in North China have decided not to relax the measures against the British Concession in Tientsin until Britain translates the Tokyo agreement into practice.

The Foreign Office in Tokyo announced that the Committee appointed by the Anglo-Japanese Round Table Conference completed its task at yesterday's meeting and that the full conference will resume to-day.

PEIPING, July 26 (Reuter)—According to well-informed Japanese sources, the Japanese Army in North China is not entirely pleased by the Arita-Craigie Memorandum and may issue a statement of its own shortly.

Optimism Unwarranted
In the meanwhile, the Chinese-language organ of the Japanese Army in North China says that optimism has been expressed be-

cause Britain has recognized the position of Japan arising from the hostilities.

This paper adds: "This conception would be right and proper if we had other right thinking nations in mind, but this optimism is not warranted when we are dealing with England, which is noted for her cunning."

The paper goes on to suggest that Britain is insincere and must be closely watched.

CHINESE CURRENCY: COMMONS' COMMENTS

LONDON, July 26 (Reuter)—In the House of Commons yesterday, Mr. F. J. Bellenger (Labour) asked whether Sir John Simon, Chancellor of the Exchequer, had noted the further depreciation in the exchange value of the Chinese dollar, and whether the resources of the currency stabilisation fund were now exhausted.

Sir John Simon said he thought that Mr. Bellenger would appreciate that secrecy must be observed with regard to the currency position and the Chinese currency stabilisation account, just as in the case of our own and other stabilisation accounts.

Mr. Bellenger said there was no secrecy of the fact that the Chinese dollar had depreciated something like 50 per cent. since Sir John Simon had asked the House to vote British taxpayers' money to keep the Chinese dollar stable, and asked the Chancellor whether he intended to allow the Chinese dollar to find its own economic level.

NOTHING TO ADD

Sir John Simon said that on the last matter he could add nothing to the answer he had given on July 11.

Mr. Noel Baker asked if the Chancellor could give an assurance that the British Government did regard it as in Britain's interest that the exchange value of the Chinese dollar should be maintained.

The Chancellor said he did not think he could add to his previous answer, in which he had said that no further action was being discussed at present. In other respects the circumstances were unchanged.

Mr. George Strauss asked if the Government's policy towards the Chinese currency would be maintained, and Sir John Simon replied that the question was not on paper.

Has not the Government surrendered to Japan in the Far East? was next asked by Mr. G. L. Mander.

FURTHER ACTION?

Mr. Arthur Greenwood said that in view of the statement that no further action was intended, and that there had been this depreciation, and it appeared to be the Government's policy to maintain the Chinese dollar, should not action be taken to see that no further depreciation took place.

Sir John Simon replied that such

action would require further legislation.

Mr. George Strauss (Labour) asked Sir John Simon, the nature of the representations made by the Treasury to the bank whose headquarters are in London, and whose bank was in Shanghai, for co-operating with the Japanese authorities in weakening the Chinese Exchange Fund.

Sir John Simon replied that no such representations had been made by the Treasury.

Mr. Strauss asked if Sir John Simon meant by that that no approach had been made by the Treasury to the bank at Shanghai?

Sir John Simon: My answer means what it says. The question was whether the Treasury had made representations and the answer is "No."

NEW BRITISH M.G. FOR ARMY

LONDON, July 26 (Reuter)—A B.S.A. machine-gun was tested to-day by the Minister for Supplies, Mr. Leslie Burgin when he visited the B.S.A. factory which was specially planned and erected less than 15 months ago to produce the gun.

The gun is designed along the lines of the Bren gun.

It will be used by the infantry, tanks and aircraft, and as an anti-aircraft gun.

Three thousand rounds can be fired from a 7.92 m.m. barrel in 20 minutes.

STATEMENT BY PREMIER

LONDON, July 26 (Reuter)—The Prime Minister, Mr. Chamberlain, announced in the House of Commons to-day that fresh instructions were sent last night to Sir William Seeds, British Ambassador in Moscow, and the Premier hoped to be in a position to make a statement early next week.

Regarding a report that naval officers will proceed to Moscow for Staff talks, Mr. Chamberlain said: "We sent certain instructions to Sir William Seeds but we have not heard what the reactions are."

Replying to another questioner, Mr. Chamberlain said he was unable to say whether France was also proposing to send a military mission but declared that the British and French Governments were working in full collaboration

BRUTAL MURDER RELATED IN COURT

(Continued from Page 1)
four crewmen, and three passengers, a man, an elderly woman, and a boy.

Seven days later, at 11 a.m., as the junk plowed through British territorial waters in the neighbourhood of the Lung Ku Light-house, a small fishing-junk approached and, from some 20 feet away, fired three shots. An order was shouted to the cargo junk to stop sailing, and the armed men in the fishing junk shouted again, inquiring as to the number of persons aboard.

RIFLES AND REVOLVERS

On being told that there were 12 persons aboard, the pirate junk came alongside and the six robbers boarded. They were armed with two rifles and two revolvers. After having searched the crew and passengers, they sent nine men, including the witness, into the afterhold, and the other three persons into the middle hold.

The hatch over the afterhold was put into place and, to permit of air entering, the hatch-cover was slightly raised by a piece of firewood.

The witness, Wong, claimed yesterday that he saw through this small opening the robbers returning in a small boat. This happened, witness estimates, about 8 or 9 p.m. on May 21. The second and fourth defendants were in the party that returned from shore.

The second defendant, witness claims, came down into the hold and he took Li Hung up on deck.

Li, according to the witness, was made to kneel down facing the sea. He was bound already, and the robbers fetched a large stone which they attached by a rope to Li's hands.

"NO NEED TO DO THIS"

Li Hung, witness said, told the robbers, "If you want money, there is no need to do this." The robbers replied, "It is either you or us." Then they picked Li up, witness continued, and threw him overboard.

Witness continued to relate how all the men in his hold knelt down on the boards and begged that their lives be spared. The robbers had cursed them and had threatened that if they did not keep still, they would also be thrown overboard.

"We could see the shadows of the mountains. We were far away from Tunk Ku Light," witness said. Nothing else happened until the following evening.

On the evening of May 22, between 10 and 10.30 p.m., witness stated, he heard the second and fourth defendants, apparently returned to the junk, say in a loud voice, "Bring up two more men and throw them into the sea."

The case was at this stage adjourned to this morning at 11.30 a.m. It is being heard before Mr. E. H. Hensworth. Mr. J. B. Prentiss, Assistant Crown Solicitor, is prosecuting, and Insp. R. Cunningham is in charge of the case for the police, assisted by Sergt. C. Medley.

The six defendants are charged with the murder of Li Hung, and with robbery, and two of the defendants with unlawful possession of arms and ammunition, which includes two bombs, rifles, revolvers, and rounds of rifle and revolver ammunition.

LOSS OF JAPANESE SUPPLIES TRAIN

CHENGCHOW, July 26 (Central)—A trainload of Japanese military supplies, valued at \$2,000,000, was completely lost when the train struck a mine laid by Chinese guerrillas under a bridge south of Fengtai on the Peiping-Liaoning Railway on July 19.

The train was on its way from Fengtai to Tungchow.

Due to guerrilla sabotage, traffic on the Tungchow-Kupeikow line remained disrupted.

LAWN BOWLS NOTES

Taikoo Defeat Biggest Upset Last Week

Kowloon F.C. Do H.K.F.C. Great Favour In 2nd. Div.

(By "Jack Hy")

The heavy downpour which fell at about 6 p.m. on Saturday afternoon caused the postponement of no less than three matches in the Lawn Bowls League—one in the First Division and two in the Third. Of the matches concluded, the one between Taikoo R.C. and the Kowloon Football Club provided the biggest upset.

The former, who had been expected to win hands down, lost, as the result of which the Hongkong Football Club now seem to be well on their way to winning the Second Division title. The two leaders in the First Division, Recreio "A" and Kowloon Cricket Club both won on Saturday, but the champions, with one match in hand, are two points ahead of the latter.

At Sookunpoo, Recreio "A," beat the Indian R.C. by 11 shots. They won on two rinks, Dickie Alves being the only visiting rink to lose. A. K. Minu, against whom Alves was drawn, was well supported by his men.

Joe Luz, Alves' lead, was a trifle "off colour" in the beginning of the game and was well beaten by Jeff Hoosen, but in the concluding stages he was in such devastating form that he was dead on the jack most of the time.

M. R. Abbas found the combination of L. F. Xavier, C. E. Marques, Jackie Noronha and Carlos Silva more than a handful and went down by 16 shots. Xavier and Marques bowled with such accuracy that Silva had his job cut and dried—he had merely to protect his own woods most of the afternoon.

F. K. Silva had one shot in hand against A. R. Dallah. For Silva both Leo and Charlie Silva were playing well on the top of their form. Khan, Dallah's lead, was playing well, too, but he was not consistent enough.

K.C.C. "PRACTICE"

Playing at home, the Kowloon Cricket Club had a practice day and trounced the Civil Servants to the tune of 31 shots. J. Hyde who had hitherto been E. Kern's number three, swapped places with the latter and made an extremely neat job of it to beat H. Strang (who had had a 100 per cent. record before his defeat) by 33-9.

Teddy Fincher's rink too were successful and beat J. Hollidge's by 19-12, but Frank Goodwin and F. Jones ended their game with a 20—all tie.

The leaders in the Second Division, the Hongkong Football Club, visited the Kowloon Bowling Green Club at Austin Road and won a very tight game by four shots. N. Hebbington's was the most successful visiting rink. They beat F. A. Cheesman's four by 27-11.

J. S. Logan made a gallant though vain attempt to snatch victory for the home team by convincingly beating J. Selby by 25-9. However, his 16 shot victory just made up for Cheesman's 16 shot deficit and it was left to the D. W. Waterton and A. Brooksbank rink match to decide the issue. The latter won by four shots to enable the Footballers to win by the same number of shots.

TAIKOO REVERSE

Taikoo, one of the contenders for the Second Division championship, suffered a reverse in their home match against the Kowloon Football Club as a result of which they have considerably jeopardised their chances of winning the title. Without meaning to disparage the Footballers' excellent performance, one can't help wondering what could possibly have happened to the Taikoo bowlers to put up such a poor showing.

They went down on all rinks, though actually they were only eight shots behind their opponents at the end of the match. Even J. Chalmers who as a skip has certainly done very well this season and whom it is not easy to beat, failed them—he fell victim to V. Chittenden by two shots. W. Field for the Kowloon Football Club had only a slight edge on E. Wallace, being only one shot to the good. T. Ferguson beat D. Munro by 27-22.

RAIN INTERFERES

Rain fell in the concluding stages of the match between the Civil Service C.C. and Kowloon. Tong and caused the abandonment of two rink games, the third (the one between S. Eccleshall and A. Spary) having already been decided.

Nevertheless, Kowloon Tong having run away with too substantial a lead (they were leading by 28 shots with only four heads to play

THIS WEEK'S PROGRAMME

Two Interesting Senior Games

Interest will mainly be centred this week-end on the Recreio "A" Kowloon C.C. match at King's Park. The former are leading in the League Table at the moment with 16 points, followed by the latter, who have 14. The Portuguese, with advantage of green, should win.

Another interesting match will be the one at Sookunpoo between the Indian R.C. and Craighengower. These two teams have not met yet this season, but it memory serves the Indians won on both occasions last year. I shan't be at all surprised if they win again, though I really hesitate to commit myself one way or the other.

However, whatever the outcome of the match, I don't think there will be many shots in it. Recreio "B" who will entertain the Civil Servants and the Kowloon B.G.C. who will visit the Police at Happy Valley, should both win, though I believe the Kowloon B.G.C. bowlers will not find there path actually strewn with roses.

In the Second Division, too, two teams who are occupying the first and second positions (the Hongkong F.C. and Taikoo R.C.) will clash. I think the leaders (the Hongkong F.C.) who will be playing at home will get the two points. Kowloon Tong and the Kowloon F.C. (both home teams) should be able to account for the Kowloon B.G.C. and the Police respectively fairly easily. Craighengower I think will be the only away team to win in this Division.

THIRD DIVISION

Recreio, leaders in the Third Division, will have an easy match against the Yacht Club, although they will be playing away. Another away team to win will be the Prison Officers' Club who will oppose the Kowloon F.C. Craighengower and the Kowloon C.C. should have no difficulty in beating the Hongkong F.C. and Hongkong Electric respectively.

The following are the matches down for this Saturday—

First Division

Indian R.C. v. Craighengower.
Recreio "A" v. Kowloon C.C.
Recreio "B" v. Civil Service C.C.
Police R.C. v. Kowloon B.G.C.

Second Division

Civil Service C.C. v. Craighengower C.C.
Kowloon Tong v. Kowloon B.G.C.
Kowloon F.C. v. Police R.C.
Hongkong F.C. v. Taikoo R.C.

Third Division

Craighengower v. Hongkong F.C.
Yacht C. v. Recreio.
Kowloon F.C. v. Prison Officers' Club.
Kowloon C.C. v. H.K. Electric.

Silva's Rink In Final

NEAR-UPSET IN SINGLES TIE

(By "Jack Hy")

F. K. Silva's rink composed of F. Machado, C. M. Silva and J. F. V. Ribeiro eliminated A. W. Grimmett's four (E. Simmonds, J. Deakins and S. Eccleshall) last Sunday at the Kowloon Bowling Green Club and have thus qualified for the finals in which round they will meet the winner of the J. Fender-J. C. Brown tie. The Portuguese won by 14-12.

The closeness of the scores may give one the impression that the game was a tight one all the way through, though actually this was not the case as the winners, excepting on the first few heads, had the lead all the time.

At one stage in the game, the Portuguese, with the help of a series of singles, a two and a three, were leading by 14-5. It was then that Grimmett's squad, fighting with their backs to the wall, made a determined though futile effort to snatch victory from the grasp of the Portuguese.

So well did they do this that they were actually within striking distance of winning when the last head was played, as they needed a five to win. But they found that the dice were too heavily loaded against them and could only score two shots to lose by 14-12.

SINGLES CHAMPIONSHIP

The first round matches in the Singles Championship saw several surprises, the biggest of which, I think, was the one between F. K. Silva and J. C. Remedios, both of Recreio. The latter who is a Third Division player, beat the redoubtable "Spuggy" in a close match which took 30 heads to finish by 21-18.

There very nearly was a sensation at the Civil Service on Monday last in a match in the Singles Competition between W. Mair of the Police R.C. and Y. A. Razack of the Indian R.C. The latter, who is practically a novice at the game, played so well in the beginning that he was actually leading by 13-3 on the tenth head.

However, mainly through inexperience, Razack, who had been doing extremely well on the short heads, decided to play a long to medium one, as a result of which he lost 18 shots in five heads (four threes and a four in succession) to trail 13-19 behind Mair. Razack eventually lost by 17-21.

The Race
Knight's Caprice, the Irish horse which won the Stewards' Cup today, was particularly brightly at the start and the jockey Canty was so far in front that he was able to take his mount across to the favoured side of the course.

Knight's Caprice had drawn No. 3 position near the stands, but finished against the far rails three lengths ahead of Fast Step, who beat Linklater by a head.

Navy, the favourite, which started at 6/1, was never prominent. The weather was fine and the going good.

Richmond Stakes
In the Richmond Stakes, run today, Moradabad, at 10/11, won by a neck from Gladius, at 3/2, with the 20/1 Bladen in third place a length and a half behind. Eight ran in the race.

What is the USE of ADVERTISING

IF

the claims made are proved a fallacy? Would you buy that article a second time? While advertising is a powerful force in educating as to the uses, merits or money saving advantages of a product, the people are the judges when they make their first purchase. "Delivering the goods" is what they demand, and the scrap heap of failures is piled with goods that could not stand the test of public judgment. "ASPRO" messages are carefully planned to prove what "ASPRO" can do to alleviate pain and suffering, and the reason of its success throughout the civilised world is simple, because it fulfils

all claims made for it. Its purity is its safety, and its quick action the healing service humanity appreciates. "ASPRO" conforms to the standard of purity laid down by the British Pharmacopoeia (the guiding authority of the Medical Profession), and the 15 uses enumerated below make it an invaluable quick first-aid emergency in every home.

Plans for the establishment of a paper manufacturing technical institute in Kiating, as submitted by the Szechuen Provincial Government, have now been approved by the Ministry of Education which will give a grant. The Ministry of Education has also decided to establish a printing technical training school, the report adds. A keen shortage of paper, particularly newsprint, is being experienced in the province.

U.K. - NEW ZEALAND FINANCIAL PLANS

LONDON, July 26 (BWS)—The Dominions Secretary in the House of Commons yesterday announced agreement of the financial requirements of New Zealand in the United Kingdom, which have been under discussion with Mr. Nash, as well as the trade position, agreement on which was published as a White Paper last Thursday.

Sir Thomas Inskip said that as regards the former subject, His Majesty's Government in the United Kingdom have agreed, in principle, that the facilities of the Export Credits Guarantee Department will be made available to assist in the financing of United Kingdom imports into New Zealand.

Under this arrangement, credits up to £5,000,000 will be made available on approved conditions for purchases by the New Zealand Government for defence and other purposes.

Short-term export credit facilities, up to the amount of £4,000,000, will also be made available under suitable conditions to cover exports from the United Kingdom to importers in New Zealand, other than the New Zealand Government.

SOVIET GOLD FOR LONDON?

RIGA, July 26 (Transocean)—An aeroplane, belonging to the Swedish-Russian commercial air company, "Aerotransport," arrived at Riga from Moscow yesterday with 30 bars of gold on board.

It is learnt that the Russian gold is being transported to Western Europe, probably to London.

EXCHEQUER RETURNS

LONDON, July 26 (BWS)—Exchequer returns show that the total of ordinary revenue amounts to £197,553,332, compared with £182,543,737 a year ago. There is an increase of over £15,000,000 in the yield of Customs.

Total expenditure, less self-balancing items, is £238,269,854, compared with £285,433,524 at the corresponding date in 1938. Total floating debt outstanding amounts to £1,100,150,000, compared with £909,375,000 a year ago and £920,310,000 at March 31, last.

CREDIT LOAN FOR CHINA

SHANGHAI, July 26 (Int'l)—Despite Anglo-Japanese agreement on Tientsin, it is reported that a British credit loan of three million pounds sterling for the stabilization of the Chinese currency may be secured.

It is stated that negotiations were completed before the Anglo-Japanese agreement was reached in Tientsin. Tokyo is attaching considerable attention to this credit loan.

ANOTHER TERM FOR MONTAGU NORMAN

LONDON, July 15 (By Air Mail)—It is understood that it was Mr. Montagu Norman's intention to retire from the governorship of the Bank of England this year.

In the meantime, however, an incident has occurred which may induce Mr. Norman to change his mind. The dispute that arose over the transfer to Germany of Czech gold.

Among those who disapproved of the transaction there was a tendency to fasten a big share of the blame for it on Mr. Norman. And this Mr. Norman resents. He feels that he has been unjustly attacked.

Now, as a gesture of righteousness, Mr. Norman may stay at his post for another term.

WHO HELPS JAPAN?

LONDON, July 15 (By Air Mail)—It is within the power of the democratic countries—particularly the United States, and the British Empire—to stop the war in China.

A ban on the sale of war materials would hamstring Japan. Neither Germany nor Italy could rescue her.

It is not enough to be horrified by the war in China. It must be realised that the war is only continuing by the kind permission of Britain and America.

ANGLO-GERMAN TRADE

LONDON, July 26 (T/Ocean)—The President of the Board of Trade, Mr. Oliver Stanley, stated in the House of Commons on Tuesday, in reply to a question, that, in the British Government's view, the international political situation did not admit of the reopening of commercial negotiations with Germany, which had been broken off last March, following the German annexation of Czechoslovakia.

RUBBER QUOTA ALTERATION

Control Committee's Decision

LONDON, July 26 (Reuter)—Mining Lane is frankly disappointed at the International Rubber Regulation Committee's decision to break new ground by altering the current quarter's export quota.

The market fully expected the announcement of a higher quota for the fourth quarter, accompanied by a rise in the price of the quarter to three-eighths of a penny.

Low Stock Position

Dealers are, however, cheering themselves with the thought that equation may relatively be stabilized anyhow until the end of the year, as the announcement covers the whole of 1939, while some even go so far as to read into the communique the belief that the Anglo-United States bunter agreement may never materialize, in which case the allegedly low stock position of United States manufacturers might cause them to make large purchases which they have been hitherto leaving to their Government.

In the meanwhile, the market picture is expected to show little change, though some think that "Distants" might be more resistant than "Nears."

Committee's Decision

LONDON, July 26 (BWS)—The International Rubber Regulation Committee yesterday revised the decision announced in May and fixed 80 per cent. of the basic quotas for 1939 as the permissible exportable amount for July, August and September.

They also fixed 60 per cent. as the permissible exportable amount for October, November and December.

The Committee have provisionally decided to hold a meeting early in September. If, in the meantime, a request should be received from the United Kingdom for the release of rubber in connection with the agreement between the British and the United States Governments for exchange of cotton and rubber.

YAMPI SOUND
IRON ORE
DEPOSITS

LONDON, July 15 (By Air Mail).
—Dr. W. G. Woolnough, geological adviser to the Commonwealth Government, is visiting Canberra to confer with Federal Ministers on the prospects of large-scale exploitation of the iron ore deposits in Yampi Sound, Western Australia.

He has just returned from a 10-day survey of the deposits on Koolan Island. On his report will largely depend the Federal Government's future policy regarding the deposits.

Describing life in Yampi Sound, Dr. Woolnough said Koolan Island was very hilly. Water was carried by barge from the mainland. Fresh vegetables had to be brought 100 miles from Derby.

INCREASED GERMAN
EXPORTS TO CHINA

LONDON, July 15 (By Air Mail).
—Japan's renewed protest notwithstanding, German arms factories have increased their exports to China during the last fortnight. The German Government is co-operating fully with the exporters who are anxious to get rid of most of the obsolete war material in their possession.

FOR FLYING
DOCTORS

LONDON, July 15. (By Air Mail)
—A new wireless base, serving an
area of 400,000 square miles, has
just been opened for the Australia
Aerial Medical Service by the
Governor-General, Lord Gowrie, at
Broken Hill.

Lord Gowrie said that such bases
would make closer settlement of
isolated areas possible, and would
be a boon to the people of the
outback.

The Australian Aerial Medical
Service last year covered more
than 100,000 miles on emergency
flights, and spent £25,000 in
maintaining the bases.

COLONIAL OFFICE
APPOINTMENT

LONDON, July 26 (BWS)—Ques-
tions were asked in the House of
Commons yesterday about the ap-
pointment of someone outside the
Civil Service to be Permanent
Under-Secretary to the Colonial
Office and whether the Prime
Minister was satisfied that no
serving Civil Servant in this coun-
try was capable of discharging the
duties in question.

The Prime Minister replied: "I
am satisfied that, having regard to
the exceptional pressure on
other departments, no equally
suitable Civil Servant could have
been made available."

Mr. Chamberlain added that all
considerations relevant to public
interests were borne in mind when
making the appointment.

Mr. Leslie Burgin was sworn in
as Minister of Supply at a Council
held by H.M. the King at Bucking-
ham Palace on Tuesday morning.

BRITISH
TROOPS
IN CHINAH.K.'S CONTRIBUTION
TO COSTS

LONDON, July 26 (Reuter)—
Asked by Mr. Harry Day (Lab)
for information regarding the
cost of the British troops in
China, Mr. Hore Belisha,
Minister for War, said in the
House of Commons yesterday
that the effective expenditure
on British military garrisons
in China for the year end-
ing March 31, 1938, was
£1,800,000, excluding recruit-
ing and training expenses at
home. The Hongkong Govern-
ment had contributed
£337,000 towards this.
One infantry battalion loaned
from Imperial services to Hong-
kong formed part of the Military
Garrison.

Army Vote

The whole cost of £90,000 was
borne by the Army Vote. Since
1937, a second battalion of the
Indian Army had been loaned
from India to Hongkong, of which
the whole cost was similarly
borne.

Mr. Day inquired if Shanghai
contributed towards this cost and
Mr. Belisha replied in the nega-
tive.

THIRD TERM FOR
ROOSEVELT

LONDON, July 15 (By Air Mail)
—In a resolution voted by the
American Youth Congress, the
congress affirmed its loyalty to the
principles of democracy—freedom
of speech, the press and religious
practice—while denouncing every
form of dictatorship—Communist,
Fascist or Nazi.

In a straw vote on the
Presidential election, 904 voted for
the re-election of President
Roosevelt, 58 for Mayor LaGuardia
and 58 for Attorney-General
Dewey.

The majority of the delegates
declared themselves in favour of
lowering the suffrage age limit to
18 years.

ROOSEVELT TO

LONDON, July 15 (By Air Mail)
—President Roosevelt visit to

Roosevelt, senior, was so impressed
by the King that she wants to
accompany her son and daughter-
in-law.

PALESTINE G.O.C.
THANKED

LONDON, July 26 (BWS)—On
the occasion of Lt.-General Hal-
ling relinquishing Command of the
British Forces in Palestine and
Trans-Jordan, the Army Council
have despatched to him a message
expressing appreciation of the
manner in which he and the forces
under his command have handled
a difficult situation.

The message refers to the im-
portant part British troops have
played in successfully curtailing
the scope of disorders which has
necessitated continuous operations
over a long period and has in-
volved a considerable degree of
danger, discomfort and hardship,
which has been cheerfully borne
by officers and men alike.

UNMISTAKEABLE
HINT

LONDON, July 10 (By Air Mail)
—If Mr. Churchill and Mr. Eden
are brought into a reconstructed
Cabinet the hint to Germany
would be unmistakable without
being threatening.

It could not be casually
dismissed as even the strongest
specifies are, but would afford
absolutely convincing evidence
that determined resistance would
be offered to aggression.

M.P.'S PENSION
FUND BILL

LONDON, July 26 (Reuter)—
The House of Commons yesterday
adopted the Third Reading of the
Members' Pension Bill designed to
provide pensions for members, ex-
members and their widows.
The Fund will be self-con-
tributory and will entail no ex-
pense to the Exchequer.

I. R. A. Terrorism: Startling
Disclosure In Commons
PLOT TO BLOW UP HOUSE OF
PARLIAMENT IS REVEALED

LONDON, July 25 (Reuter)—Details of Irish Republican
Army terrorist activities were given by Sir Samuel Hoare in the
House of Commons yesterday when introducing the Second Read-
ing of the Prevention of Violence Bill.

The Home Secretary revealed
that the police seized 1,500 sticks
of gelignite, 1,000 detonators, two
tons of potassium chlorate and
oxide, seven gallons of sulphuric
acid, four hundredweight of
aluminium powder—enough to
cause millions of pounds worth of
damage, and what was even more
important, the loss of at least
1,000 men and women.

COURAGEOUS ACTION

The fact that more lives were
not lost was due to providence and
the courageous action of the
police.

Sir Samuel Hoare said that time
after time the police had been
battered by the absence of power
in search and control suspects
whom they were convinced were
terrorist leaders.

He added that he had reliable
information that the I.R.A. cam-
paign was being closely watched
and actively stimulated by foreign
organisations.

The Home Secretary declared
that nothing was less likely
than these outrages to bring
about reconciliation without
which a united Ireland was
impossible.

127 OUTRAGES

Since January there had been
127 outrages, of which 57 were in
London and 70 in the provinces.
Experience showed that the ter-
rorism was to be intensified, and
if, in August or September, they
were faced with war or an emer-
gency the danger of serious sabo-
tage would be immeasurably in-
creased.

Sir Samuel Hoare mentioned
preparation of a plan to blow
up the House of Parliament,
and quoted from a notorious
plan which aimed at organised
terrorism from general head-
quarters, particularly against
public services.

He hoped the bill would only be
necessary as a temporary mea-
sure, hence its currency was

Writer Pays
Tribute To
ChinaFAITH IN FINAL
VICTORY

Mr. J. B. Priestley was a speaker
at a luncheon given in London on
July 7 by the China Campaign
Committee, on the second anniver-
sary of the Sino-Japanese war.
"The war in China has shown,"
he said, "that if you press a people
hard enough the qualities that
emerge are the old, great qualities
of courage and endurance."

"We are seeing the advance of
dictatorship in some countries, a
slightly decadent, so-called democ-
racy perhaps losing ground in
others. The one country that
offers hope for the future of man-
kind is China."

Wanton Bombing.
Mr. Carl Crow, American author,
said that at Chungking and other
Chinese cities he had seen no at-
tempt by the Japanese airmen to
select military objectives.

At Chungking out of 9,000
casualties only a dozen were
soldiers.

Mr. Gerald Sampson, who made
the journey from Szechuan down
the Burma highway, described it
as one of the wonders of the world.
It crossed 239 bridges and 2,000
cavalries, mountain ranges as high
as 8,500ft and two mighty rivers.

UNITED STATES
CO-OPERATES
WITH CHINA

LONDON, July 15 (By Air Mail)
—Almost unknown to the world
the United States are closely
co-operating with the National
Government of Chiang Kai-shek
for the strengthening of China's
resistance against the invaders.

Among the steps taken lately in
this direction are: (1) The erec-
tion of a large American aeroplane
factory near the Burman border
with the indirect but effective
financial assistance of the
Treasury and (2) the granting of
special facilities to exporters
supplying the Chinese armies with
equipment.

TO-NIGHT'S MOTTO

**Motorists — Lay Up
Pedestrians — Under Cover
Householders — Keep It Dark**

WING-COMDR. STEEL-PERKINS' INSTRUCTIONS FOR BLACK-OUT

In war, one of the greatest protections against the dangers of air attack after nightfall would be the Black-out, said Wing-Comdr. A. H. Steel-Perkins, Hong Kong's Air Raid Precautions Officer, in the course of his broadcast address which he delivered last night over Station ZBW as final advice to residents in the Colony for co-operating in to-night's Black-out.

The motto for to-night, as Wing-Comdr. Steel-Perkins declared, will be:

For Motorists—Lay Up.
For Pedestrians—Keep Under Cover.
For Householders—Keep It Dark.

In the exercise which is to take place on July 27, he said, wartime lighting restrictions will in the main be observed, but in order to cause the least inconvenience to the general public, the period of TOTAL extinguishment of all lighting has been reduced to a minimum, and instead of being from sunset to sunrise as they would be in war, will for the purpose of this exercise extend from the time of the sounding of the air raid warning signal to the "all clear" signal.

In other words, the forthcoming black-out will consist of two lighting restriction periods, namely (a) a period of reduced lighting and (b) a period of total extinguishment.

REDUCED LIGHTING

The period of reduced lighting will commence half an hour after sunset on July 27, and will be in force until the sounding of the air raid warning signal.

Briefly speaking, the following classes and descriptions of lights must not be lighted on the evening of July 27.

(1) Sky signs, illuminated advertisements and any other lights used outside or at the entrance of any shop or place of amusement or any other premises for the purpose of advertisement or display.
(2) Lights used inside any shop for the purpose of advertisement or display when the shop is closed for serving customers.

Also street lighting, and all other external and internal lights of premises which cannot be extinguished or obscured within three minutes must not be lit.
During this period of reduced lighting, all forms of road transport including rickshaws, bicycles, tricycles, etc. will only be permitted to proceed on their journeys if all the lights in or on the vehicle are shaded with dark blue or black material. Headlights on motor vehicles are prohibited.
In regard to shipping, arrangements must be made so that all lights except navigation lights can be extinguished or obscured within 3 minutes. If this is not practicable, then no lights except navigation lights should be shown after sunset.

TOTAL EXTINGUISHMENT

The commencement of this period will be announced by the sounding of the air raid warning signal which will consist of a fluctuating blast from electric sirens extending over a period of 3 minutes. This is the time when lights of every description except navigation lights must be extinguished or obscured immediately. Tram cars, however, will display a red light on the front and back of the car.

Road traffic vehicles of every description except those employed on Naval, Military, Air Force, Essential Services, A.R.P., Medical and Police services must pull into the side of the road and then extinguish every light. They must remain thus until 10 p.m. after which they may proceed on their journeys using the restricted lighting.

Essential Service vehicles will be permitted to run provided their lights are dimmed in accordance with the Lighting Control Regulations.

Cross harbour services will cease, and ferries, etc. if under way in the harbour, will make for a pier and be up when all lights should be extinguished, and they must not resume their services until 10 p.m. and then only under restricted lighting conditions.

The exercises will be terminated by the "all clear" signal, which will consist of a

steady blast from sirens lasting for 3 minutes, when all forms of lighting restrictions may be withdrawn.

Your help is wanted to make effective the black-out for A.R.P. exercises which are being arranged to try out our defences from time to time.

WARDENS ON DUTY

Air Raid Wardens will be on duty, and let me assure you that they are not there to spy on you but to offer both advice and assistance; but at the same time, it must be realised that they have an official duty to perform, and should any individual fail to comply with an Air Raid Warden's request within 5 minutes of being asked to do so in regard to any lights which may be showing, the name and address of the offender will be taken by the Air Raid Warden, and forwarded either to the Commissioner of Police or this department.

May I ask all of you to co-operate wholeheartedly to make this black-out the success which we all desire it to be?

COMBINED EXERCISE

A combined exercise by the Army and Navy will be held to-day, commencing early in the morning and terminating before midnight to-night.
The exercise coincides with the general black-out to-night, but has not been specially arranged because of the blackout, being part of a programme which commenced several weeks ago.

240 British Bombers Fly Over France

MOST SPECTACULAR FLIGHT

LONDON, July 26 (Reuter).—Yesterday's Air Force flight of 240 bombers over France was even more spectacular than their two predecessors.

In Paris, the streets and squares were crowded with sightseers as the Wellington bombers roared along the Champs Elysees and over the Arc de Triomphe and, later, above the towers of Notre Dame.

Excellent weather and much broken cloud, the weather was excellent and the thunderstorms expected over the Dauphine Alps failed to materialise.

Some of the machines covered 1,600 miles non-stop and they all returned to their bases in the fixed time.

The Flight Leader of one formation, landing after a 1,500-mile flight to Marseilles and back, declared that he had sufficient petrol to fly a hundred miles further if he had so desired.

ANOTHER WIN FOR SOUTH CHINA TOURISTS

According to news received in Hongkong yesterday, the South China A.A. football team, now touring the South Asian Peninsula, on Tuesday, defeated Ipoh by three goals to one. The scorers were Lai Shiu-wing, who has been on the sick list for some time, Chan Tak-fai and Fung King-cheong.

The success over Ipoh is a signal one in that that team was one of the very few that beat the Corinthians during their tour of the Far East a year ago.

In order to increase the measures to prevent the illegal entry of foreign Jews into Britain, the Home Office has now decided to institute a constant patrol of the coast and to provide Scotland Yard with fast motorboats for this purpose. (Transocean)

AIR LINES TO POOL RESOURCES

IMPERIAL AIRWAYS' COLLABORATION WITH AIR FRANCE

LONDON, July 26 (T/Ocean).—The negotiations which have been in progress for some time between Imperial Airways and Air France were brought to a conclusion on Tuesday evening.

It was agreed that both companies should pool the resources and that takings should be distributed according to a certain system which was worked out at a conference but on which no information has been given.

The service between London and Paris is to be greatly extended. In summer there are to be twenty flights each way.
